

Tribal Certificate Inventory Project, Bong County-Liberia

Kpaai District Report covering April 10-22, 2015

Submitted To: Synyenlentu Tiswen Program Officer Land Administration/ TC Coordinator

Submitted By: Lusu Jallah Field Supervisor Bong County

Date: May 2, 2015

INTRODUCTION

The Inventory and scanning exercise in **Kpaai District** were done for the two clans of the District, namely; **Waytuah and Wolota Clans** respectively. This exercise was conducted from **April 10th-15**, **2015.** The Tribal Certificates recorded for the two clans were two hundred and seventy three (273) Tribal Certificates with a total acreage of **96,680.122.**This report also categorized the process of recording and scanning in the following:

- A. Total number of certificates recorded in the two clans (Waytuah and Wolota in Kpaai District and the total acreage of TCS recorded.
- B. Certified Tribal Certificates Vetted in each of the two clans and acreage.
- C. Vetted Tribal Certificates in the two clans that are in conflict as well as total acreage.
- D. Tribal Certificates vetted issued under moratorium and their acreage.
- E. Tribal Certificates not vetted (The TCS Owners/Holders did not show up for the vetting process) and acreage.

<u>Vetting</u>

The vetting process of Tribal Certificates recorded lasted from **April 16-22, 2015**. This process witnessed the participation of the local authorities which include; the clan chiefs, Paramount Chiefs, Town Chiefs, District Commissioners, Sectional Clerks, Elders, Women Leaders, Youth Representatives and citizens of these clans where these Tribal Certificates were issued.

MOBILIZATION

This entails the continue Radio announcements using Radio Gbarnga and Radio Bongies Stations with the help of the **(Assistant Outreach & Education Officer) Mr. Jefferson Massah of the** Land Coordination Center (LCC), Bong County, **Hon. Joseph Urey** Special Assistant to the Superintendent, Bong County. This exercise also considered sending posters containing the inventory steps to the various clans Headquarters prior to the scanning, recording and vetting exercise.

METHODOLOGY

The exercise of recording all information about a "Tribal Certificate" is accomplished through the following five steps:

- 1. **Registration**: the recorder collects a tribal certificate, assign a serial number and stamp the tribal certificate.
- 2. **Scanning:** Scan and enter the information of a tribal certificate into database and give back original copy to the holder/owner.
- 3. **Photographing:** the holder /owner takes photo with tribal certificate bearing an assigned serial number.
- 4. **Issuance of LC Official Receipt:** An official receipt in favor of the tribal certificate owner/holder is issued with the assigned serial number indicating number of acreage on the TC as well.
- 5. **Vetting:** Vetter's proceed to the various clans to ensure that all documents are accurate and verify signatures on each tribal certificate in collaboration with local authorities of each clan where exercise is being carried out.

DAILY ACTIVITIES

Each working day starts at 8:30 a.m., where the team depart Gbarnga City for Kpaai District's Head office), during the inventory from April 10-22, 2015. Afterward, the team went to the following clans; Waytuah from 16-17, Wolota April 20-21, 2015 for the vetting of the entire registered TCs of Kpaai District.

The total number of tribal certificates recorded in the two cans; (Waytuah, and Wolota Clans is 273 with the total acreage of **96,680.122**.

BREAK DOWN OF TOTAL TRIBAL CERTIFICATES AND ACREAGE RECORDED PER CLAN IN THE BELOW CATEGORIES:

- 1. Certified Tribal Certificates vetted with acreage and serial numbers.
- 2. Tribal Certificates vetted but in conflict with acreage and serial numbers.
- 3. Tribal Certificates vetted but issued under the moratorium with acreage and serial numbers.

CONSTRAINTS

The continuous conduct of the tribal certificate inventory and vetting processes were hampered by the following constrains:

- That the TC owner/holder coming for registration during vetting period which caused the team to leave from work rather than the normal time.
- That the TC Owner/holder complain that they did not get the information about the Tribal Certificate inventory project either by radio or local authorities which caused them to follow the team in the next clan for registration. Also increases the number of not vetted TCs in the previous clans.
- Lack of sustained outreach program activities.

RECOMMENDATION

Based on the experiences on the field, the below recommendations need attention:

- 1. To allocate additional time for the continue increase of not vetted TCS in order to collect all remain TCS in their respective clans.
- 2. To sustain adequate Outreach activities.
